A Prayer Of Forgiveness And Love

Lilly: Dear God

Give us the courage to overcome anger with love.

How can an angry world ever find peace?

Isla: When will the gentle years start?

We have no answer, we pray Dear Father that you will let peace grow strong in our hearts.

Lydia: From the mud may a pure white flower grow.

After the storm may there be blue sky.

Cora: May we pardon one another as our lord on high forgives us.

We pray for those who are condemned as wicked, for those responsible for violence.

Ellie: We pray that all your people might find strength in their hearts

to meet those who wrong them with love, justice and mercy.

All: In Jesus' name we pray

Amen
